ABOUT ME

Graduated as a Informatic Engineer at Universidad Rafael Belloso Chacin, having more than 4 years learning and 9 months of demonstrable experience about web development and programming in general, I'm a lover of programming languages and coding mainly modern JavaScript, React.js, Node.js, PHP, Laravel, Tailwindcss, HTML, CSS and other technologies, self-educated, constantly learning.

EDUCATION

HIGH SCHOOL

SANTA ANA DE JESÚS

Bachelor, 2018

UNIVERSIDAD RAFAEL BELLOSO CHACIN

Informatic Engineering,
Nov 2022

EXPERIENCE

EXA IT - PERU (FREELANCER)

FullStack Web Developer for ALFACO SAC

Jul 2022 - Present

- I made an API REST to make the connection between a mobile app and a database with PHP.
- I created an administrative app from zero satisfying client needs.
- Modern JavaScript manipulation to improve user experience.
- I created a database from zero using MySQL.
- I coded different types of queries with SQL joining a lot of tables in the same query.

INDEPENDENT- VENEZUELA

Lead generation using facebook Ads
2020 - 2022.

- I've worked with multiple companies of Venezuela increasing sales (Caves Chemical, Lanwan Network, Hidroperija, etc).
- I created adds for sale purposes.
- Frequent clients.
